

**FREIGHT  
PARTNERSHIP II**

**SAVE THE DATE**  
**AASHTO/FHWA**  
**Freight Transportation**  
**Partnership II Meeting**

**February 14-16, 2007**  
**Natchez, Mississippi**

State DOT freight officials will engage with FHWA Division freight staff, and U.S. DOT headquarters staff from all of the modal administrations as well as private sector shippers and carriers. Officials from leading metropolitan planning organizations will also participate.

**The agenda will highlight the following topic areas:**

Implementing the SAFETEA-LU freight provisions; Developing a freight transportation capacity within state DOTs; Collaborating among states on multi-state corridors; Engaging effectively with the private sector; Breaking down the federal modal silos; Generating investment capital for freight projects; Building Freight Professional competence; and Creating a national framework for freight transportation investment.
