

To: The AASHTO Subcommittee on Highway Transport

From: Parker F. Williams, Chair

Attached please find the revised program for the Subcommittee on Highway Transport (SCOHT) Annual Meeting to be held in Annapolis, MD on June 9-11, 2002 (the preliminary draft was sent to you on March 8 with the meeting and hotel registration packets).

The SCOHT Leadership Team has conferenced twice on the program and it is now almost final. We feel we have an exciting and informative agenda.

We will hear from Joe Clapp, Administrator of FMCSA, Clyde Woodle, Senior Staff Director on House Transportation and Infrastructure Committee, and John Horsley, AASHTO Executive Director. Further, 16 presentations have been scheduled on issues related to commercial vehicle operations and technology, oversight/overweight uniform permits and truck size and weight. And, finally, a panel of trucking industry representatives is under development who will speak on motor carrier reauthorization issues.

We hope that you will be able to attend this important meeting and are confident you will return with an understanding of issues important to your State.

If you have any questions about the meeting arrangements, you can contact Chuck Shue at 410-582-5721 or email him at [cshue@sha.state.md.us](mailto:cshue@sha.state.md.us).
